**MEMORANDUM FOR COMMANDERS, MAJOR SUBORDINATE COMMANDS AND
DISTRICT COMMANDS; CHIEFS, OPERATIONS DIVISIONS**

**SUBJECT: Recognition of the National Recreation Reservation Service (NRRS) Project Points
of Contact**

1. In 1990, the U.S. Army Corps of Engineers was directed to develop a plan to maintain and enhance public recreation opportunities at Corps water resource projects while reducing the Federal expenditures for recreation. A National Recreation Study was conducted, and findings from the study recommended establishing a nationwide campground reservation system. In 1995, the Corps signed an interagency agreement with the Forest Service and Bureau of Land Management for joint procurement of nationwide recreation reservation services. In December 2002, the Interior and Agriculture agencies received direction from the Office of Management and Budget to consolidate reservation systems. Subsequently, the NRRS became part of the Recreation One Stop, E-Government initiative. A new service contact was awarded to ReserveAmerica on 17 June 2005. The new NRRS contract services went live on 17 October 2007.
2. A significant amount of implementation and transition work was required to get ready for the new NRRS contract services and a substantial amount of this work was accomplished by the field park ranger at each of the participating NRRS Projects. All NRRS Project POC's provided outstanding performance to accomplish the mission and because of their efforts, the new NRRS contract services were implemented successfully, providing substantial benefits to the Corps and our customers.
3. Therefore, I strongly recommend that you consider recognition of your NRRS Project POC's for their exceptional performance. A list of the primary NRRS Project POC's is enclosed. If a different POC or other POC's are not on the enclosed list and have provided exceptional performance toward accomplishing this mission, please consider them for recognition as well.
4. I have enclosed a list of the performance elements that the NRRS POC's accomplished, as well as an example of an appropriate citation.
