

## Summary of Denver 25-26 February 2008 NRM Gateway Workshop

### Attendees

Cori Brown	Partnerships Technical Coordinator, CENAB
Bonnie Bryson	Gateway and Recreation Technical Coordinator, CEERD-EE-E
Carolyn Bauer	CELRN
Kathy Carlson	CESWT-OD-NC
Ginny Dickerson	Web Developer, CEERD
Frank Jeffrey	CELRH, John W Flannagan Dam and Reservoir
John Marnell	CESWT-OD-N
Keley Stock	CESPF, Bay Model Visitor Center
Allen Gwinn	CENAB, Raystown Lake

### Summary

#### Partnership Component

The opening session of the workshop began with an overview of the Gateway's Partnerships main page by Cori Brown and Bonnie Bryson. Bonnie and Ginny Dickerson also showed the group the recent additions to the Visitor pages to include the photo album and trip planning features. Carolyn Bauer shared her experience as a long-serving Gateway page SME. Next the individual pages to be updated by the SMEs at this session were reviewed: Contributions by Frank Jeffrey, Challenge Partnerships by Allen Gwinn, National Public Lands Day by Keley Stock, and Volunteers by Carolyn Bauer. Cori also updated the main Partnerships page.

Participants worked on their pages individually and then gave updates to Ginny for posting. On Tuesday morning each of the SMEs presented their updated pages to the group for feedback and suggestions for further improvements. Cori, Bonnie, and Ginny also reviewed with the SMEs the process for updates after the workshop.

#### Recreation Component

Bonnie Bryson, John Marnell and Kathy Carlson reviewed RecSTATUS updates based on field comments received so far and identified additional corrections/revisions made to the site by Ginny Dickerson.

### Workshop Attendees Action Items

#### Partnership Component

SMEs should send an email with Word or Excel file of additional updates to their sites to Ginny via email with copy to Cori for routine items. Bonnie also appreciates being cc'd on such messages. Non-routine items such as policy issues should be sent to Cori first for coordination before sending to Ginny for posting.
