

Good Morning,

Reference the following message with attachments. The attached memorandum advised that the returned recreation use fee collections would be distributed in the projects' FY04 work allowances. That did not occur. The distribution is being made by separate work allowance, which you should receive this week.

Thank you,
Judy Rice

MEMORANDUM FOR COMMANDERS, MAJOR SUBORDINATE COMMANDS,
CHIEFS, OPERATIONS DIVISIONS

SUBJECT: Returned Recreation Use Fee Collections

1. Public Law 106-53, Section 225, authorized the U.S. Army Corps of Engineers to retain all recreation use fee receipts above a baseline of \$34 million for Fiscal Years (FY) 1999 through 2002. The amounts are available without further appropriation for expenditure at the specific projects from which the amount above baseline was collected. The amounts are available until September 2005 to increase the quality of the visitor experience and enhance the protection of resources. The complete text of Public Law 106-53, Section 225, is enclosed (Enclosure 1).
2. The total amounts for the 4-year period will be returned to the projects in FY 2004 work allowances. The distribution by project is shown on the enclosed (Enclosure 2). The base year for determining collections in excess of \$34 million by project was 1997. Total collections exceeded \$34 million in FY 1999, FY 2000 and FY 2002. In accordance with the requirements of the law, funds are distributed to the projects having increased collections for each of those three years over the base year of 1997. For each year, each project is allocated a percent of the collections over \$34 million equal to their percent increase in collections for that year over the base year. The total distribution for each project represents the sum of the three years of allocations. These amounts must be expended by September 2005 for the purposes described in the legislation.
3. All projects receiving funds of \$2,000 or more will report the work accomplished in FY 2004 with these funds to CECW-ON by 1 January 2005. Please include information about any partnerships used to leverage the funds to accomplish work. In the event some funds are not expended until FY 2005, a report for that year will be provided by 1 January 2006. Reports should be consolidated by division for submittal to CECW-ON.
4. This authority was conveyed to provide the Corps a vehicle to fund some recreation and natural resources improvements that, because of budget constraints, could not be funded through routine appropriations. Accordingly, it is important that we document the work we accomplish using these funds, both to be accountable for this authority and as justification for possible future funding opportunities.
5. Point of contact for the recreation use fee program in CECW-ON is Ms. Judy Rice, (202) 761-4751.
