MEMORANDUM FOR COMMANDERS, MAJOR SUBORDINATE COMMANDS
CHIEFS, OPERATIONS DIVISIONS

SUBJECT: Data Call – FY 01 Recreation Statistics

1. The Natural Resources Management System (NRMS) was used to collect recreation and natural resources related information on an annual basis from the late 1970s to 1999. This information will be collected and maintained in the Operations and Maintenance Business Information Link (OMBIL) in the future. Although the Recreation component of OMBIL was fielded in early 2001, insufficient data was entered this year to accommodate this reporting requirement.
2. Some of the 2001 NRMS information is required for various purposes by CECW-ON by the beginning of CY2002. This memorandum establishes a minimum data call required to satisfy these requirements.
3. Please provide the following information to reach CECW-ON by 17 December 2001. Consolidated Division responses are required.
