

MEMORANDUM FOR RECORD

SUBJECT: Contacts for the National Sign Standards Program MCX

1. The National Sign Standards Program Mandatory Center of Expertise (MCX) has combined with the St. Paul District's MCX for Waterway Signs. The combined MCX is located in St. Paul and helps Corps districts with both the implementation of the sign standards program and the engineering of waterway signs.

2. The MCX is listed on the Corps' Mandatory Centers of Expertise website. This listing formally establishes the existence of the MCX and provides a comprehensive overview of its functions and responsibilities. Go to <http://www.usace.army.mil/civilworks/cecwe/coexpert/mcx/nssp/nssp.htm>.

3. All requests to the MCX for assistance, guidance, and information should be directed initially to Henrik Strandkov, National Sign Program Manager, at (651) 290-5578, FAX (651) 290-5330. (This includes requests for consultation on the engineering of waterway signs.) The MCX mailing address is

U.S. Army Corps of Engineers
ATTN: CEMVP-CO-OP
190 E. 5th St.
St. Paul, Minnesota 55101-1638

4. Tom Sully, (651) 290-5573, and Tim Grundhoffer, (651) 290-5574, are the MCX members responsible for waterway sign engineering. Their FAX number is (651) 290-5805.

5. The HQUSACE proponents of the MCX are George E. Tabb, Jr., CECW-ON, (202) 761-1791, and Michael F. Kidby, CECW-OD, (202) 761-8845.
