

No.	Item	Comment	Action	Justification
	inseam size choices	no instructions on how to measure this	No action taken	On the lefthand side of the Ordering site is an item entitled "How To Measure". The inseam information is located there.
	nameplates	make available as nonspecialty item	Done	Nameplates are now available on the individual's uniform account.
	dress shirt	add long sleeve cotton for heat/sun	We are exploring this issue with the contractor.	
	dress shirt	add nylon uniform shirt (for wicking)	No action taken	We are currently wear testing a new shirt material.
	dress shirt	hems need to be serged better	Will pass on to the contractor.	
	dress shirt	boxy fit/too tapered on sides	No action taken	
	dress shirt	increase the neck size (womens)	Will explore with the contractor.	
	Polo shirt	replace duty shirt with this	No action taken	The committee did not recommend this.
	Polo shirt	should be authorized for noncitation	We are working on this issue.	We are developing a polo shirt for wear with the Class C Work and the Class D Special Purpose Uniforms.
	Polo shirt	allow rangers to customize w/name	No action taken	The committee did not recommend this.
	sweater	scratcy and too clingy	No action taken	Isolated comment.
	duty trousers	seams fade and streak with washing	No action taken	Replacement allowance has been increased to \$350.00 for permanent employees

	duty trousers	need to add rubber waistband back	No action taken	This can be sewn in if desired.
	duty trousers	need to bring pleated style back	No action taken	Not recommended by committee
	duty trousers	sizes are not consistent	No action taken	As newer styles are approved, they are phased into the program. This may explain some of the sizing differences.
	summer wool trouser	hips and thighs too tight (male)	No action taken	You may have to utilize the Made to Measure option.
	challenger	were perfect fit and wear-bring back-lllll	No action taken	Challengers are no longer available
	jeans	offer both cargo and jeans	No action taken	The committee did not recommend this.
	cargo pants	need to be 100% cotton	No action taken	100% cotton fades.
	shorts	too long/too short	No action taken	The shorts are "industry standard" in length.
	Ike jacket	replace with long jacket (Park Service)	No action taken	The committee did not recommend this.
	jacket	add work jacket with zip in/out liner	We are exploring this issue with the contractor.	The NPS has a 10 oz. Duck jacket that we are considering for the program. It does not have a liner.
	hood	color does not match	No action taken	We have explored this on many occasions in the past. We have learned that in the textile industry the same color has a wide variety of tints. We are working with the contractor to narrow that range.
	gloves, mittens	add to program	No action taken	Gloves, socks, scarves, shoes, T-shirts, and raingear are not part of the uniform program by Army Regulation.

	black socks	add to program	No action taken	Gloves, socks, scarves, shoes, T-shirts, and raingear are not part of the uniform program by Army Regulation.
	Carhart pant/jacket	add to program	No action taken	We currently have a bib overall in the system. We are looking at adding a 10 oz. Duck jacket currently in the NPS program.
